Traffic Congestion & Parking i Public Safety &  
Emergency Services i Commercial Buildings i  
Developer Schemes i Illegal Bars & Restaurants i City  
Planning & Zoning i Historic Preservation i  
Mansionization

---

BWHA works to improve the quality of life in our community. We serve as the voice of all residents: Homeowners and Renters, on issues involving local government, decision-making agencies, businesses and developers.

### OUR VALUES:

We support the right of our community to a livable neighborhood, where residents' needs receive proper consideration.

We support thoughtful development, which considers the scale and character of established neighborhoods and the potential impact on traffic and infrastructure.

We support the preservation of Rent Stabilized Housing

We oppose and challenge the assumption that adding density and increasing commercial activity trumps all other community considerations.

---

BWHA is a non-profit incorporated volunteer organization, serving as the voice for change and responsible growth for residents in the Beverly Wilshire Community.
